## STARTING & RUNNING A SPECIAL EDUCATION ADVISORY GROUP (SEPAG)

All school districts in New Jersey are required to "ensure that a special education parent advisory group is in place in the district to provide input to the district on issues concerning students with disabilities" (N.J.A.C. 6A:14-1.2h).

This workshop is designed to have open conversation about developing or reorganizing a district Special Education Parent Advisory Group (SEPAG). Anyone interested in understanding the function of an effective SEPAG or would like more information to run or start a group is welcome. Parents and educators of children who are already receiving special education services and parents and educators of children who are having difficulty in school but may have not been determined to be eligible for special education services will benefit from this training.
